2012 HAUL OUT SHEET

Owner _____ Boat Name _____

PLEASE CALL TO SCHEDULE YOUR HAUL-OUT AT LEAST 2 WEEKS IN ADVANCE. Haul-outs are scheduled on a first-come basis BY DATE, NOT BY SPECIFIC TIME.
Your boat may not be hauled out on the exact date scheduled due to unforeseen delays resulting from weather or other factors.
Boats arriving after business hours will incur an overtime charge of \$75.00 per hour.

- Holding tanks must be pumped out prior to arrival at Southwind for haul-out.
- Fuel tanks should be filled "almost full" (not "topped off") prior to arrival for haul-out.
- Boats may tilt during haul-out. Owner is responsible for securing all items on and in the boat.

→ All haul-outs MUST be completed before: **INDOOR (Unheated) - October 19; INDOOR (Heated) - October 31; OUTSIDE - November 19**

(Complementary Cousiner Service Available
for Heated Storage, Call for Details)

→ Your fresh water storage tank should be run empty prior to your haul-out date.

Make _____ Length _____ Beam _____ Power Sail Outside Storage Indoor Cold Storage Indoor Heated Storage

My boat will be stored on:

Cradle (Outside Only) Owner's Stands (# _____) Southwind Stands Trailer
\$25 ea. Power - \$35 ea. Sail

My sailboat will be stored:

<input type="checkbox"/> Mast Up	<input type="checkbox"/> Mast Down	<input type="checkbox"/> Boat will arrive unstepped	<input type="checkbox"/> Southwind will unstep mast <small>\$5.50/foot mast length plus \$35.00 masthead instrument removal</small>	<input type="checkbox"/> Southwind will unstep mast Fall/Step Mast Spring <small>\$8.00/foot mast length plus \$35.00 masthead instrument removal</small>
		<input type="checkbox"/> Store mast outside <small>No additional charge</small>	<input type="checkbox"/> Store mast inside <small>\$3.00 / ft. mast length (spreaders must be removed and mast wrapped)</small>	<input type="checkbox"/> Store mast on Boat <small>Additional Storage fee will be applied</small>

Southwind's standard mast unstepping/stepping rate covers the crane and operator, and one man to handle the mast.

If safety requires additional mast handlers due to mast size, additional labor charges will be incurred.

Unless additional services are ordered, the owner is responsible for unpinning/pinning shrouds and stays and loosening/tightening turnbuckles.

WINTERIZATION SERVICES

Do not winterize my boat - I will be responsible for all winterization.

- or -

Owner _____ Boat Name _____

SHRINKWRAP

- Shrinkwrap my boat (see shrinkwrap rate sheet)
 - Shrinkwrap options: (check all that apply)
 - Install zipper door
 - Shrinkwrap my swim platform
 - Remove and dispose of shrinkwrap when notified in spring. (\$75 including disposal.)
 - Re-install canvas and isinglass after shrinkwrap removal. (Standard labor rate.)
- I understand that:
- The boat owner is responsible for removing all canvas and isinglass before shrinkwrap is applied.
 - The boat owner is responsible for shrinkwrap removal and reinstallation of canvas and isinglass, unless additional services are ordered.
 - A \$40 shrinkwrap disposal fee will be charged for shrink wrap left on Southwind's premises after removal by owner.
 - Shrinkwrap cannot be applied in rain, heavy snow or high winds. It may not be possible to shrink-wrap boats hauled out late in the season due to weather conditions, or additional charges may be incurred
